Arts & Crafts

Mosaics

with Paula Keith

Paula is an expert in creating stunning artwork with mosaics and crash glass that can enhance any space. She will teach you the techniques and tips to design your own unique pieces with mosaics and crash glass. Her attention to detail and excellent instruction will guide you through the learning and creative processes.

Beginner Mosaics Class

with Paula Keith

Mosaics with Paula is required for the Advanced Mosaics classes.

Mosaics with Paula

Step into a new art craft with a stained-glass mosaic stepping stone! You will create your custom garden stepping stone in this all-day class. We will discuss basic mosaics and how to add ceramic pieces, beads, baubles, and personal findings to a project that will start you on your path to mosaic creations. You will use a direct application method in your mosaic creation, although other methods will also be discussed. At the end of the class, you will go home with your custom-created garden stone! Completing this class prepares you for the Advanced Mosaics classes. The morning session is cutting, shaping, grinding, and setting. The afternoon session is grouting and finishing the stepping stone. *Requirements: This class requires you to stand for extended periods and have strong fine motor skills and hand-eye coordination to cut glass safely. All supplies are provided. Safety goggles/eye protection and closed-toed shoes are required.*

Sat, Feb 8

8 a.m. - 4 p.m.

Downtown Center, A111

\$79

Advanced Mosaics Class

with Paula Keith

The prerequisite for Advanced Mosaics classes is the Mosaics with Paula class and practice at home.

Crash Glass Mosaics

This class introduces you to Crash Glass Mosaics. You will be upcycling tempered glass into a beautiful garden stone, glass that would typically go to the dump! You will receive one piece of tempered glass to crash and create your garden stepping stone with fractured clusters of crash glass over a brightly painted base stone. At the end of class, you will go home with a unique custom 8" x 16" garden stone and the leftover crash glass to use on a new project of your own. A short list of required and suggested supplies will be sent to you upon enrollment. *Requirement: Mosaics with Paula. Safety goggles/eye protection and closed-toed shoes are required.*

Sat, Mar 1 &

9:30 a.m. - 4 p.m.

Sun, Mar 2

1:30 - 4 p.m.

Downtown Center, A111

\$99

Mixed Media Exterior Wall Hanging

We are going for it with Go Board! Do you have a plain block wall fence in your yard? Here is your method to create art for that area! You will get to create your own wall hanging suitable for exterior display using Go Board. You will get a prepped piece of roughly 12" x 12" Go Board to create a mixed media piece of stained-glass mosaic art that can be displayed outside. You will get to choose from three popular patterns. Don't miss out on learning how to use this versatile and lightweight substrate in your mosaic journeys. A short list of required and suggested supplies will be sent to you upon enrollment. *Requirement: Mosaics with Paula and practice at home. On the easy-to-hard scale, this is harder only due to the multi-media and creative juices needed!*

Sat, Mar 22 &

9 a.m. - 4 p.m.

Sun, Mar 23

12:30 - 3 p.m.

Downtown Center, A111

\$115

Sand Casting

with Tad Patton

Unveil the joys of jewelry making with lead-free pewter. Using the sand-casting technique, you will learn to create stunning, solid pieces from provided models. You will design your own sand mold and pour lead-free pewter to bring your creations to life. Join us as we explore essential techniques to enhance your casting success. Unleash your creativity and craft something beautiful! All supplies are provided. *Requirements: Safety goggles/eye protection, closed-toed shoes, and a dusk mask are required.*

Sat, Feb 22

9 a.m. - 12 p.m.

Downtown Center, A111

\$49

Gourd Art

with Lollie Yancey

Gourd Art is an art form that uses hard-shell gourds as the medium. They can be carved, painted, burned, dyed, and polished, making them a versatile art form. This art form allows you to channel your imagination and talent to create beautiful, practical, and decorative pieces such as birdhouses, ornaments, bowls, rainsticks, vases, decorative pieces, and wall art such as masks. Explore this medium under the guidance of expert gourd artist and instructor, Lollie Yancey, and get ready to have fun!

Gourd Shard Jewelry

In this fun and hands-on workshop, you will transform lightweight gourd shards into stunning, customizable pieces of jewelry. Using vibrant inks and dyes, along with simple tools, you will design and craft your own unique wearable art that will impress anyone. Leave class with beautiful pieces that you can wear or gift! *All supplies are provided.*

Sat, Mar 15

9 a.m. - 4 p.m.

Downtown Center, A111

\$89

Banana Gourd Character

NEW

In this hands-on workshop, you will transform ordinary gourds into delightful characters using clay, beads, a variety of embellishments, and your imagination. Let your creativity shine as you sculpt unique personalities and add fun details that bring your characters to life. The possibilities are endless, whether you want to create quirky creatures, funny faces, or fantastical beings! *All supplies are provided.*

Sat, Mar 29

Downtown Center, A111

9 a.m. - 4 p.m.

Basic Computer Skills Series

Are you looking for beginner computer classes to learn something new, refresh or enhance your skills? Not sure where to start? Search no more! This series will provide you with a solid foundation in basic computer skills. George Self welcomes you to this interactive series where you will have your own computer to work on, and open discussion and questions are encouraged. Register for the entire three-class series and save!

Personal Computers and Windows

with George Self

This class builds a foundation for using your personal computer with Microsoft Windows 10. It starts with a discussion about basic computer terminology and then moves on to the fundamental skills needed to navigate the Windows operating system. It includes the start button, desktop and taskbar, shortcuts, and manipulating program windows. It also examines managing files and folders and configuring the most useful Windows features.

Wed, Apr 2

Downtown Center, G104

5:30 - 8:30 p.m.

\$39

Overview of the Internet

with George Self

This class is developed for first-time Internet users and novices, this workshop explains what the Internet is and how to effectively use a browser like Chrome or Edge. You will learn tips and tricks for effective Internet searches, how to navigate the Internet like a professional, and more. Internet safety practices are emphasized so you can keep your personal information safe and secure.

Wed, Apr 9

Downtown Center, G104

5:30 - 8:30 p.m.

\$39

Microsoft Office

with George Self

This class is designed for students who are beginning with Microsoft Office. The entire Office Suite is introduced, and then the fundamentals of Word and Excel are explored in detail. The class covers how to copy and paste text, format content, insert pictures, and other simple skills that can be used in most computer applications.

Wed, Apr 16

Downtown Center, G104

5:30 - 8:30 p.m.

\$39

Computing

Excel for Business

Willcox Center

with Ron Hyde

Take your business acumen to a new level with Excel 2019! Topics include customizing your workspace and ribbon, cell referencing, conditional formatting, text to columns, pivot tables, macros, and formulas and functions such as IF, SUM, VLOOKUP, and CONCATENATE. This course is designed for business owners and office professionals. This class meets two times.

Tue, Feb 18 & 25

Willcox Center, WC106

9 a.m. - 1 p.m.

\$79

Microsoft Word 365/2019 Series

with George Self

Microsoft Word is the leading word processing program businesses use and a must-have skill in today's job market. This course, taught by a top-rated instructor, will guide you in mastering this valuable, sought-after professional skill. Register in the entire three-class series and save \$45! That's a free class!

Microsoft Word Fundamental teaches you basic Word 365/2019 skills. The class includes hands-on activities and step-by-step instructions that show how to create, modify, and save documents. By the end of the course, you will feel comfortable using skills like changing fonts, adjusting paragraphs, spell-checking, finding/replacing text, and inserting lists. This class is an excellent introduction to Microsoft Word. Note: this class covers Microsoft Word 2019, students using Word 365 will notice a slight difference.

Tue, Feb 18

Downtown Center, G104

5:30 - 8:30 p.m.

\$45

Microsoft Word Intermediate teaches you intermediate Word 365/2019 skills. The class includes hands-on activities and step-by-step instructions that show how to create complex and beautiful documents. By the end of the course, you will feel comfortable using skills like modifying page layout, creating columns, using text boxes, inserting and formatting tables, inserting and formatting images, and inserting hyperlinks. This class is an excellent extension of fundamental Microsoft Word skills. Note: this class covers Microsoft Word 2019, students using Word 365 will notice a slight difference.

Tue, Feb 25

Downtown Center, G104

5:30 - 8:30 p.m.

\$45

Microsoft Word Advanced teaches you higher-level Word 365/2019 skills. The class includes hands-on activities and step-by-step instructions that show how to apply advanced document techniques. By the end of the course, you will feel comfortable using skills like using templates, applying text effects, inserting watermarks and icons, using citations, generating mail merges, linking other Microsoft Office documents, and using the Internet with Word. This class is the ultimate Microsoft Word experience. Note: this class covers Microsoft Word 2019, students using Word 365 will notice a slight difference.

Tue, Mar 4

Downtown Center, G104

5:30 - 8:30 p.m.

\$45

Excel 2019 Suite

with George Self

This series focuses on the fundamentals of Excel 2019. This course teaches you how to use this industry-standard software. At the end of this course, you will be able to immediately put the newly gained Excel skills to practice at work or home. Register in the entire three-class series and save \$45! That's a free class!

Microsoft Excel: Fundamentals

Are you ready to embark on a journey into the world of spreadsheets? Join our Basic Excel Class, the perfect starting point for those with limited tech backgrounds. In this engaging three-hour session, you will master the fundamentals of Excel with ease. Learn to navigate the Excel interface, enter data, and perform basic calculations. Discover the magic of cell formatting and how to organize your work in multiple sheets. By the end of this class, you will be creating your own Excel workbooks like a pro.

Tue, Mar 18

Downtown Center, G104

5:30 - 8:30 p.m.

\$45

Microsoft Excel: Intermediate

Ready to take your Excel skills to the next level? Our Intermediate Excel Class is designed to build on the foundation laid in the Basic class. In this three-hour session, you will dive deeper into data management, chart creation, and intermediate functions. Explore sorting, filtering, and the art of visualizing data with charts and graphs. Uncover the power of IF statements and VLOOKUP. By the end of this class, you will be equipped to tackle more complex Excel tasks with confidence.

Tue, Mar 25

Downtown Center, G104

5:30 - 8:30 p.m.

\$45

Microsoft Excel: Advanced

Ready to become an Excel expert? Our Advanced Excel Class is the final piece of the puzzle. Building on the knowledge gained in the Basic and Intermediate classes, you will delve into PivotTables, advanced data analysis, and data protection. Learn to analyze data like a pro, perform complex calculations, and secure your workbooks. By the end of this three-hour session, you will have the skills to impress with your Excel powers.

Tue, Apr 1

Downtown Center, G104

5:30 - 8:30 p.m.

\$45

PowerPoint 2019 Suite

with George Self

This series is designed to deepen your understanding and enhance your skills in PowerPoint 2019. These courses teach you how to use this industry-standard software. Whether you are a beginner looking to get acquainted with the basics or an advanced learner seeking to refine your expertise, this series has something for everyone. Register for the entire two-class series and save!

Microsoft PowerPoint: Fundamentals

Unlock the power of effective presentations with this PowerPoint: Fundamentals course. In this three-hour session, you will learn how to create engaging slides, format text, add images and media, and apply transitions and animations. Whether you are new to PowerPoint or looking to refresh your skills, this course will provide you with the foundation to create professional-looking presentations that captivate your audience. Invest in your career and join us for a hands-on learning experience.

Tue, Apr 8 **5:30 - 8:30 p.m.**
Downtown Center, G104 **\$45**

Microsoft PowerPoint: Advanced

Take your PowerPoint skills to the next level in this PowerPoint: Advanced course. In this 3-hour session, you will explore advanced features such as templates and themes, charts and graphs, SmartArt and diagrams, multimedia integration, and collaboration tools. Learn how to create custom slide sizes, use slide masters, and confidently deliver presentations. This course is perfect for professionals seeking to enhance their presentation skills and make a lasting impact on their audience. Don't miss this opportunity to elevate your PowerPoint expertise.

Tue, Apr 15 **5:30 - 8:30 p.m.**
Downtown Center, G104 **\$45**

Introduction to Artificial Intelligence (AI)

with George Self

Artificial intelligence (AI) has been called one of the most disruptive technologies ever introduced. This class covers AI's evolution, its effects on society, and how it is being used today. As AI becomes more integral in technology, it is essential to consider its prospective dangers and benefits. Participants will get a feel for how AI works in practice through a series of demonstrations utilizing various AI platforms for text and images. Students will walk away from this course with a more in-depth understanding of AI and its numerous potential applications in healthcare, academia, government, and beyond.

Tue, Apr 22 **6:30 - 8:30 p.m.**
Downtown Center, G104 **\$25**

Artificial Intelligence (AI) for Small Business Success

with George Self

Unlock the Power of Artificial Intelligence (AI) for Your Small Business! Join us in this informative class tailored for small business owners in our community. Learn how AI can boost customer relationships, streamline operations, and safeguard your data.

Mon, Mar 24 **Willcox Center** **10 a.m. - 12 p.m.**
Willcox Center, WC102 **\$25**

Tue, Apr 29 **6:30 - 8:30 p.m.**

Workforce Development

As a leader in workforce development, Cochise College understands the importance of meeting the emerging training needs of the community. The world is moving at lightning speed, and the industry needs highly skilled employees who can complete training quickly to keep up with productivity and variable growth rates. To learn more about our upcoming training and certificate programs that can be completed in one year or less, visit cochise.edu/skills or contact Cullen Scarborough at scarboroughc@cochise.edu or (520) 515-3631.

Commercial Driver License - Certificate

The Commercial Driver License (CDL) program is designed to prepare the student to become an entry-level commercial truck driver. It provides the basic foundation of Arizona state CDL law, safe operating practices, vehicle control, and general driving. For program information, contact Cullen Scarborough at scarboroughc@cochise.edu or (520) 515-3631 or visit cochisecdl.com.

CompTIA® Security +

with Dr. Rodney Alexander

This CompTIA® Security+ Course is intended to equip learners with the knowledge and skills needed to be information security IT professionals. Yet, it is more than an “exam prep” course. While teaching the fundamentals of information security by using the CompTIA Security+ exam objectives as its framework, the course takes a comprehensive view of security by examining in depth today’s attacks against networks and endpoints and what is needed to defend against these attacks. This course is a valuable tool for those who want to learn about information security and enter the field. It also provides the foundation that will help prepare for the CompTIA® Security+ certification exam. Requirements: Students must purchase the MindTap for Ciampa’s CompTIA® Security+ Guide to Network Security Fundamentals by Mark Ciampa, 1 term Instant Access | 8th Edition, ISBN: 979-82-14-00066-4, prior to the first day of class. A link to purchase the book online will be provided upon registration. This course meets twice a week for eight weeks. **No class Mon, Feb 17- Presidents’ Day.*

Mon & Wed, Feb 3 - Mar 31* **5:30 - 8:30 p.m.**
Downtown Center, G104 & Zoom **\$1,995**

OSHA 10

with Danny Trotter

The Occupational Safety and Health Administration (OSHA) 10-hour training teaches basic safety and health information to entry-level workers in construction and general industry. It is part of the OSHA Outreach Training Program, which explains serious workplace hazards, workers’ rights, employer responsibilities, and how to file an OSHA complaint, as well as how to identify, abate, avoid, and prevent job-related hazards on a construction site.

Mon, Feb 3 & 10 **8 a.m. - 3 p.m.**
Downtown Center, E105 **\$50**

OSHA 30

with Danny Trotter

The 30-hour Construction OSHA Outreach Training Program is intended to provide a variety of training to workers with some safety responsibility. Training should emphasize hazard identification, avoidance, control, and prevention, not OSHA standards. This class meets twice a week for six weeks.

Mon & Tue Mar 10 - Apr 15 **5:30 - 8:30 p.m.**
Downtown Center, E105 **\$175**

Firearms Training

With the opening of the Firearms Training Complex (FTC) on the Sierra Vista Campus of Cochise College, we are proud to begin offering National Rifle Association (NRA) firearms-related classes through the Center for Lifelong Learning. These classes will offer a gradual progression from basic pistol through advanced shooting. **Students must be at least 18 years old in order to register for shooting-related classes. Students must also be able to legally possess a firearm in Arizona. NRA certifications are optional for NRA-approved courses.** Take advantage of the new, local, state-of-the-art facility in your community. To learn more about our upcoming training and questions contact Dr. Eric Brooks at brookse@cochise.edu or (520) 417-4060.

NRA Basic Range Safety Officer

with Dr. Eric Brooks

This course is designed for those who either want to have a better understanding of, or who are working on a range and oversee range safety. The course content includes ensuring the range is safe to use, conducting range safety briefings for shooters, handling ammunition and gun malfunctions safely, supervising safety aspects of shooting activities, and handling emergency procedures as established by the range management. *This course does not include range time.*

Sat, Jan 11

Sierra Vista Campus, LEB602

8 a.m. - 4 p.m.

\$139

Range Safety: Emergency Response

with Dr. Eric Brooks

This course is designed for those of you who frequent the shooting range and want the ability to respond to a trauma emergency on the range. The course includes site and patient assessment, Stop the Bleed (STB) certification (including the use of chest seals), and Cardiopulmonary Resuscitation (CPR) with the use of an Automated External Defibrillator (AED). Also discussed are the contents and use of an Individual First Aid Kit (IFAK). Upon completion two certifications (STB and CPR with AED) are included with this course. *This course does not include range time.*

Sun, Jan 12

Sierra Vista Campus, LEB602

8 a.m. - 1 p.m.

\$79

NRA Basic Pistol Fundamentals

with Dr. Eric Brooks

In this class, you will learn about types of handguns, along with their features and functions. This course will also cover safe gun handling, loading, and unloading, the fundamentals of marksmanship, as well as safe cleaning practices, and gun storage. *Prerequisites and Gear Requirements - Students must have a firearm, at least two magazines, carrying case or bag, 150 rounds of training ammunition, eye and ear protection, and a front-brimmed hat (e.g. baseball cap). Note-taking material and a willingness to learn are also strongly recommended. This course includes four hours of supervised range time to be scheduled at the time of class.*

Sat, Feb 8

Sierra Vista Campus, LEB602

8 a.m. - 2:30 p.m.

\$199

NRA Personal Protection in the Home

with Dr. Eric Brooks

The NRA Personal Protection in the Home Course will expose you to several schools of thought regarding defensive shooting techniques. Although the course is designed to avoid giving you too much information too fast or giving you too many choices, the course is not confined to a rigid or dogmatic system. The instructor will guide students in making their own choices. *Prerequisites and Gear Requirements - Prior shooting experience is required to take this course. Students must have a firearm, at least two magazines, carrying case or bag, 150 rounds of training ammunition, eye and ear protection, and a front-brimmed hat (e.g. baseball cap). Note-taking material and a willingness to learn are also strongly recommended. This course includes four hours of supervised range time.*

Sun, Feb 9

Sierra Vista Campus, LEB602

8 a.m. - 4:30 p.m.

Medieval Ireland: Golden Age of Faith, Art and Learning

with Mary Coyle

While most of Europe plunged into the Dark Ages after the Fall of the Roman Empire, Ireland, having never been conquered by Rome, experienced her own private Golden Age! During this period, Ireland enjoyed a cultural renaissance, characterized by a flourishing of art and learning in both sacred and profane traditions. In this class, you will view and explore the art, artifacts, and architecture of this extraordinary era in Irish history, a period which gave us the Illuminated Manuscripts, the Ardagh Chalice, the Tara Brooch, transcriptions of Old Irish Tales from ancient oral tradition, stone monuments, beehive huts and much more!

Paid to Talk: Introduction to Voice Over

with Voice Coaches

Have you ever been told you have a great voice? This class will introduce you to the growing voice-over field, from audiobooks and cartoons to documentaries, commercials, and more. Become acquainted with what the pros look for, how to prepare, and where to find work in your area! Our discussion will cover industry pros and cons and play samples from working voice professionals. In addition, you will have an opportunity to record a short professional script under the direction of the instructor. This class is fun, realistic, and a great first step for anyone interested in the voice-over field. For more information, visit voicecoaches.com/about.

Trips & Tours

Geology of Southeastern Arizona

with Glenn Minuth

Ignite your sense of adventure and become familiar with the prominent geological features of Eastern Cochise County during a one-day field trip to a world-class volcanic area. Your trip includes stops at Texas Canyon, Willcox Playa, and the volcanic landscapes of the Chiricahua National Monument. The monument visit includes two stops for discussion in the Visitor's Center and Massai Point kiosk, plus a guided hike through the monument's spectacular Echo Canyon. Difficulty rating - the pace is a slow 3.5 miles on the (optional) hike, punctuated with numerous rest stops/discussions with a 500 feet elevation gain on a well-maintained trail rated moderate by the park service. *Requirements: You must have the ability to comfortably and independently walk for the duration of the trip. Bring a sack lunch, beverages, and water container. Water will be provided for refilling containers. Bring binoculars, water, snacks, sunscreen, and a hat. Transportation will be provided.*

Sat, Mar 29

7 a.m. - 6 p.m.

Birding at the San Pedro River

with Jeff Babson

Witness the spectacular migration of birds returning to their breeding grounds in April. Led by the esteemed birding expert and naturalist, Jeff Babson, this field trip offers both novice and seasoned birdwatchers a unique opportunity to observe a diverse array of migrating birds. In this field trip, you will explore the San Pedro River, a famous birding spot, the riparian woodlands, and desert grassland along the river's edge. We will meet at the San Pedro House (9800 AZ-90, Sierra Vista) at 8 a.m. to start this outdoor adventure. *Wear weather-appropriate clothing and closed-toe shoes. Bring binoculars, water, snacks, sunscreen, and a hat.*

Sat, Apr 19

Yoga with Macaela

with Macaela Cashman

Reap benefits, reduce stress, and experience gentle and meditative yoga while still toning and strengthening for those wanting a little extra challenge. You’ve heard “no pain, no gain?” Macaela’s mantra is “No pain - no pain is our aim!” You can learn to listen to your body for better health and overall awareness. A yoga mat is required to attend class. Bring your yoga mat, strap, and two four-inch yoga blocks to class. Each session meets four times.

Thu, Jan 9, 16, 23 & 30 **5 - 6 p.m.**
Thu, Feb 6, 13, 20 & 27 **5 - 6 p.m.**
Thu, Mar 6, 13, 20 & 27 **5 - 6 p.m.**
Thu, Apr 3, 10, 17 & 24 **5 - 6 p.m.**
Downtown Center, G106 **\$45 per session**

Pilates

with Macaela Cashman

Mat Pilates has much in common with hatha yoga as a method of developing mental and physical balance, awareness, flexibility, and strength. See how Pilates can help you enhance your coordination, lung capacity, and, of course, your core! Contrary to what you might think, Pilates does not require exotic machines or equipment. All you need for class is a mat (a yoga mat or thicker), a Magic Circle Pilates ring that you can find on Amazon, and a stretchy exercise band. Each session meets four times.

Fri, Jan 10, 17, 24 & 31 **9 - 10 a.m.**
Fri, Feb 7, 14, 21 & 28 **9 - 10 a.m.**

Professional Bookkeeping with QuickBooks Online (Voucher Included)

Master QuickBooks Online to prepare for a rewarding career in the bookkeeping field. You will learn basic bookkeeping and accounting principles, including the types of accounting information you, the business owner, manager, bookkeeper, or accountant, need to monitor. You'll then put all those principles into practice using QuickBooks Online to enter and track your finances with ease. With this online version, you get all the advantages of computing in the cloud so that your files will be available to you virtually anytime, anywhere. This course will give you hands-on experience using QuickBooks Online to manage your business' finances—from recording income and expenses to entering checks and bank transfers to setting up a chart of accounts. You'll see how to reconcile your checking account and manage credit card and loan payments; create and print invoices, receipts, and statements; track your payables, inventory, and receivables; create estimates; generate reports; and much more. Once you complete this course, you will understand how to get your finances in order and be prepared for the QuickBooks Certified User Exam.

Language Professional Interpreter

This course will enable you to develop the skills necessary to use your knowledge of languages to help other people communicate. You'll start by gaining a clear understanding of what interpreting is; the different interpreting techniques, settings, and delivery modes; and the differences between a career in public services interpreting and other language-related fields. You will also receive a thorough grounding in the principles of ethics and professional conduct as they apply to the interpreting field. In addition, you'll learn how to control the communication flow of an interpreting encounter to ensure that all parties are recognized and heard during the meeting. With this solid foundation, the course prepares you for the real world by providing you with practical information to help you gain employment confidently as a public services interpreter. You will also have the option to be listed for free in an employer-searchable directory to jump-start your new career. Once you complete the course, you'll be prepared to embark upon an exciting and rewarding career. As a professional interpreter, you'll often work with immigrants in vulnerable situations, becoming their only communication bridge. You can expect to assist families as they apply for food stamps and Medicaid, help residents set up utility services in a new home, and assist refugees as they complete their applications. You'll find your assignments vary from day to day—sometimes even from hour to hour—and opportunities abound!

By Ashlee Gray, Robyn Martin and Dr. Jennifer Wantz

Join us for a special presentation celebrating the 60th anniversary of Cochise College! This event will highlight the college's rich history, achievements, and contributions to the community over the past six decades. We will showcase inspiring stories from alumni, faculty, and staff, as well as the innovative programs that have shaped the educational landscape. Come reflect on our past and envision a vibrant future together!

Wednesday, Feb 19

Birding in Burns: Meeting the Fire Birds!

By Glenn Minuth

How do birds handle wildfires? Birds reveal flexible comeback strategies to wildfire, contingent on burn severity and considering their ontological survival approach. Most often, beetle-foraging and cavity-nesting birds profit from high-severity fires that generate snags. In comparison, birds configured for insect foraging in foliage are likely to ramp down after a wildfire. The adverse impacts of wildfires on numerous bird populations seem to be temporally limited to the year of the burn. While researchers discovered that populations bounced back to pre-burn levels following the burn year; populations in a few cases substantially decreased the subsequent year. We will examine how snags of all sizes function as critical habitat factors for cavity-nesting birds among other wildlife that exploit tree cavities. Grasp how the "fire birds" survive a conflagration.

Wednesday, Feb 26

Electrical Safety: Keeping You and Others Safe

By Steven Garate, Sulphur Springs Valley Electric Cooperative, Inc

Do you know how to keep yourself safe if you encounter energized equipment and powerlines? Join Steven Garate as he introduces you to essential safety concepts like "Look and Live" and "Call Before You Dig." You will gain valuable insights into what actions to take and avoid. Don't miss this opportunity to enhance your awareness and knowledge of electrical safety!
